

PRICE LIST 2023

Grounding System
Lightning Protection System

Vision & Mission

A lightning strike or lightning bolt is a natural disaster that can cause enormous damage to our lives, properties, buildings, and various operating systems. As our world today is a modern society in adopting and integrating information and communication technologies at home, we need stability and high security to the electronics system which can prevent lightning strikes and electromagnetic waves that pose a threat to the operating system.

Vision

Lead with Total Solution in Lightning Protection System and Safety Innovation with the Strongest Global Brand and Sustainable Growth.

Mission

- Create value of products and services for customer satisfaction.
- Research and develop innovation to meet the world market.
- Create soft power engagement using sustainable development goals to company – customer / employee with project "Kumwell CSV: Creating Shared Value – Safety to Society"
- Develop a management system toward high performance organization.
- Promote human assets by culture change for lifelong learning.

Kumwell Corporation Public Company Limited operates as a manufacturer and distributor of Grounding systems such as ground rod, exothermic welding, more effective grounding (MEG), concrete inspection pit, etc. Lightning system such as air terminal, clamp connections, etc. Surge protection system, Lightning detection and warning system, and safety innovation. We have reached the national and international standards to serve security for people's lives, assets and operating systems in all sectors, especially in the electricity sector (generating system, transmission system, distribution system, solar power plant wind power plants, etc.), the transportation sector (high-speed trains, electric trains, subways, airports, ports, expressways, expressways, etc.), the telecommunication sector (radio stations, television stations, mobile phone transmission station, data center, etc.) industrial sector (Petrochemical plant oil refinery steel mills, automobiles, electronics, farms, etc.), office, residential sectors including the security sector (arsenals, radar stations, etc.) We are proud to introduce our innovations to reduce the risk of electromagnetic and lightning damage under the name "Kumwell" guarantee from 40 countries around the world exportation and distribution.

Quality Assurance

We are committed to providing high-quality products which is an important element to the efficient and effective system work. There are product policies that have to be tested and certified according to international standards UL, IEEE, IEC and Thai Industrial Standards (TIS), especially products in lightning protection systems; it must comply with the international standard IEC 62561, which can be divided into 8 sections according to the type of products.

1. Requirements for connection components
2. Requirements for conductors and earth electrodes
3. Requirements for isolating spark gaps (ISG)
4. Requirements for conductor fasteners
5. Requirements for earth electrode inspection housings and earth electrode seals
6. Requirements for lightning strike counters (LSC)
7. Requirements for earthing enhancing compounds
8. Requirements for components for isolated LPS

ISO/IEC 17025-2017
(Certificate Laboratory Accreditation)

Kumwell Test Report
(IEC 62561)

DEKRA Test Certificate
(IEC 62561)

VDE Test Certificate
(IEC 61643)

UL Test Certificate
(UL 467, UL 486)

UL Inspection Type R Service Report
(For UL Listed)

The company is concerned for every step starting with the design (Pattern and production process), the right material, mechanical strength and lightning resistance test as well as being resistant to weather conditions. We take into consideration the safety of people when installing and using our product. For example, Kumwell Metal Sheet Clamp has been tested according to the IEC 62561-4 standard with a tensile test which is 900 newtons, equivalent to a weight of 90 kilograms in order to be able to support the weight of the conductor on the roof, preventing damage to life and property also it prevents accidents that may occur during installation to operators as well. Therefore, to choose products that have been tested according to standards, is a prerequisite for effective lightning protection.

To comply with the standards in order to deliver quality products, the company therefore constructed a testing laboratory (Kumwell Laboratory), as a testing room for grounding equipment, lightning protection device, surge protection device and lightning alarm devices which was completed in 2013. Our laboratory is the one and only in Southeast Asia and has been accredited for the competence of the testing laboratory according to TIS 17025 - 2561 (ISO/IEC 17025: 2017) for the general requirements in the competence of testing and calibration laboratories in the electrical field, which is recognized by the ILAC organization (International Laboratory Accreditation Cooperation) in equivalent academic ability and able to perform tests by issuing a product test certificate (Test Report) to certify that Kumwell only provide high quality products.

Quality Assurance

Kumwell Laboratory can perform tests according to IEC 62561 and TIS 3024 standards such as Tensile Test, Electrical Resistivity Test, Load Test, Bending Test, Lightning Impulse Current / Surge Current, Environmental Test. Moreover, it is able to test equipment according to various standards such as UL 467: Grounding and Bonding Equipment, IEC 61643: Low-Voltages Surge Protective Device (SPD).

High Lightning Impulse Current Generator
10/350 μ s & 8/20 μ s

High Lightning Impulse Current
Combine Generator 8/20 μ s

TEMPERATURE (HUMIDITY) Test Chamber

SULFUR DIOXIDE Test Chamber

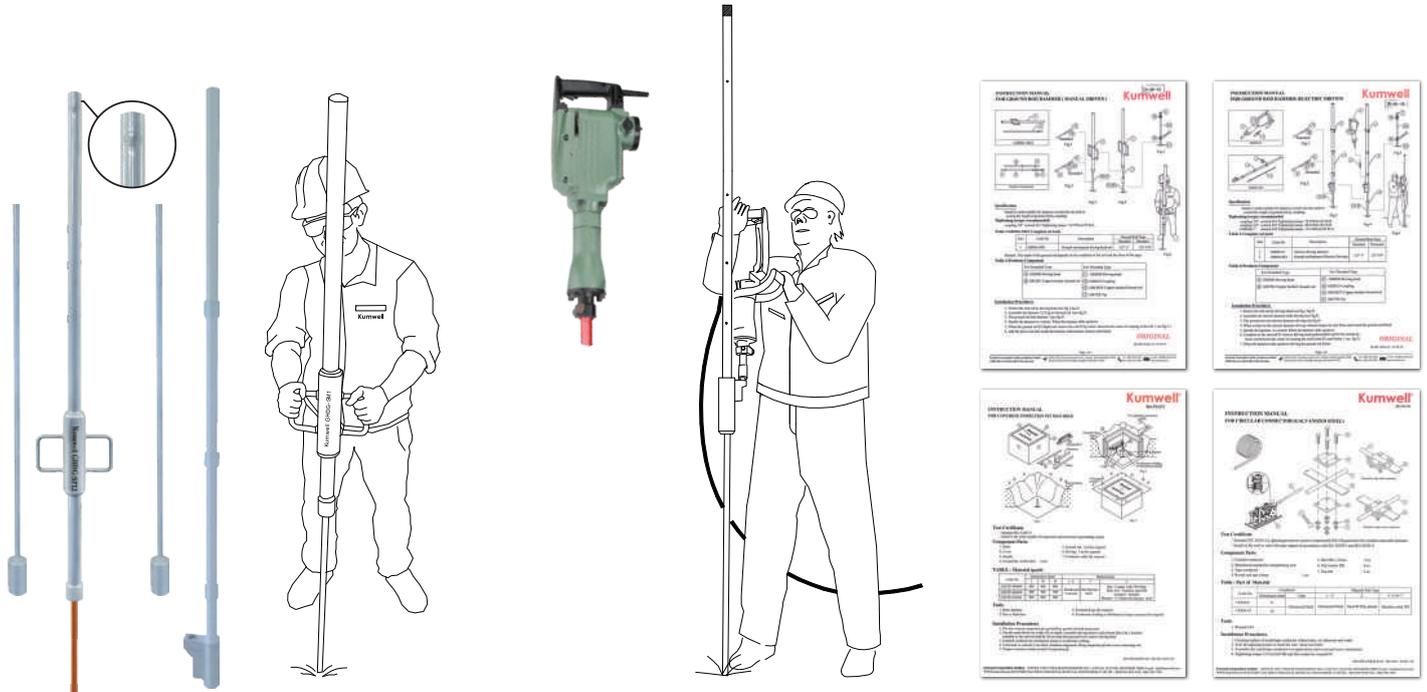

SALT SPRAY Test Chamber

- High lightning impulse current generator for Grounding system component & Lightning protection system components (LPSC) according to IEC 62561.
- Surge impulse current generator for Surge protective device (SPD) according to IEC 61643.
- Environment test chamber (Temperature / Humidity / Sulphur dioxide / Salt spray) for Grounding system component & LPSC according to IEC 62561.
- Universal mechanical testing machine (Tensile / Compressive) for Grounding system component & LPSC according to IEC 62561.

Quality Assurance

In addition, we intend to deliver high-quality system work that is user-friendly and worth the investment besides we create a system that is efficient and completely safe.

- **TOOLS & INSTRUCTION:** Develop products and installation tools that are easy to install such as ground rod driving hammer, conductor strengthener machines, 4P concrete inspection pits, etc.

- **INSTALL & DESIGN GUIDE:** Provide manuals and installation guides through various channels such as seminars to deliver knowledge; the Kumwell Metaverse Academy, Youtube Channel: Kumwell Official, on Facebook Page: Kumwell Official and Kumwell Brand, etc.

30 มีนาคม	การออกแบบระบบป้องกันแรงดันไฟฟ้าและการติดตั้ง SPD ตามมาตรฐาน IEC 61643	09:00-16:30 น.
27 เมษายน	การประเมินความเสียหายของสายดินตามมาตรฐาน IEC 62305-2	09:00-16:30 น.
25 พฤษภาคม	การออกแบบระบบป้องกันแรงดันไฟฟ้าและการติดตั้ง SPD ตามมาตรฐาน IEC 61643	09:00-16:30 น.
29 มิถุนายน	การออกแบบระบบต่อลงดินสำหรับอาคารที่พัก (Substation Grounding Design according to IEEE 80)	09:00-16:30 น.
27 กรกฎาคม	การออกแบบระบบป้องกันฟ้าผ่าสำหรับอาคารโรงงานและศูนย์ข้อมูลตามมาตรฐาน IEC 60324	09:00-16:30 น.
31 สิงหาคม	ความจำเป็นในการเพิ่มประสิทธิภาพ (EMC) ที่ระบบต่อลงดิน	09:00-16:30 น.
28 กันยายน	การออกแบบระบบสายดินและการติดตั้งอุปกรณ์ตามมาตรฐาน IEC 60324	09:00-16:30 น.
26 ตุลาคม	การออกแบบระบบป้องกันแรงดันไฟฟ้าและการติดตั้ง SPD ตามมาตรฐาน IEC 61643	09:00-16:30 น.
30 พฤศจิกายน	การออกแบบระบบป้องกันฟ้าผ่าและการติดตั้งอุปกรณ์ตามมาตรฐาน IEC 60324	09:00-16:30 น.
21 ธันวาคม	การออกแบบระบบสายดินและการติดตั้งอุปกรณ์ตามมาตรฐาน IEC 60324	09:00-16:30 น.

Moving Forward

The company has established a process for business operations by taking into an account the whole working process to become a smart plant. Our aim is to expand business and reduce production costs, so we invested in developing factories. To become an unmanned plant, we use automation and robots in the process of production as well as improving and developing logistics systems to be Smart Logistic and applying the United Nations Global Compact (UNGC) and Bio Circular Green (BCG) model as a guideline for management. The company also installed solar power generation systems, wastewater treatment systems to reduce CO₂ and become a green industry (Green Industry).

Our new modern head office consists of sales and marketing, Research and Innovation, Department, Finance and Accounting, Warehouse Administration, Information and Communication Technology Department, Learning Center "Kumwell Metaverse Academy", Lightning Protection Testing Laboratory which complied the ISO/IEC 17025 and the Electromagnetic Compatibility (EMC) Testing Laboratory to make the testing practice more comprehensive and to strengthen the value of the organization's learning culture. The company has allocated space for exchanging information, knowledge, and brainstorming. We committed to a smart office that uses state-of-the-art ICT systems and stores important corporate assets in the Cloud for data security and to support the operations of employees in all forms and in all departments, such as operations outside the office, both domestically and internationally covering foreigners both short-term and long-term to support working from anywhere.

Awards

Best Company Performance Awards by the Stock Exchange of Thailand (SET) is an award given to listed companies with excellent performance in each group based on business performance, good corporate governance and compliance with the regulations of the Stock Exchange of Thailand. Kumwell received the Best Company Performance Awards in the category of Business Excellence for information disclosure and quality of financial statements and Sustainability Excellence in the Thai capital market's prestigious awards ceremony 2022 (SET Awards 2022) which emphasizes the strength of policies and effective business practices.

Ground Rod Manual Driving Hammer

GHDG-SM1	Hammer slide driving ground rod set (Total weight 17.4 kg)	6,600.00
----------	------------------------------------------------------------	----------

Ground Rod Electric Driving Hammer

GHDE-01	Electric Driving Hammer (For GHDG-SE1)	On Request
GHDG-SE1	Ground rod driving hammer for electric driving hammer (For GHDE-01)	16,000.00

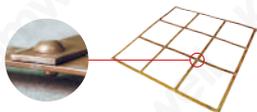

Note : * GHDG-SE1 is suitable for general 1240 W electric hammer (Jack Hammer)

Electrolytic Grounding (KEG)

KEGV-8	OD Dia. = 2-1/8", Length 8 ft, Vertical	On Request
KEGV-10	OD Dia. = 2-1/8", Length 10 ft, Vertical	On Request
KEGV-12	OD Dia. = 2-1/8", Length 12 ft, Vertical	On Request
KEGV-15	OD Dia. = 2-1/8", Length 15 ft, Vertical	On Request
KEGH-8	OD Dia. = 2-1/8", Length 8 ft, Horizontal	On Request
KEGH-10	OD Dia. = 2-1/8", Length 10 ft, Horizontal	On Request
KEGH-12	OD Dia. = 2-1/8", Length 12 ft, Horizontal	On Request
KEGH-15	OD Dia. = 2-1/8", Length 15 ft, Horizontal	On Request

Ground Plate Lattice Copper

GRPL 663	Dimension 600x600x3 mm	On Request
GRPL 993	Dimension 900x900x3 mm	On Request

Ground Plate Solid Copper

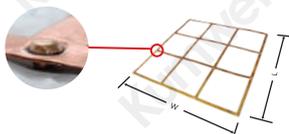

GRPS 6615	Dimension 600x600x1.5 mm	On Request
GRPS 6630	Dimension 600x600x3 mm	On Request
GRPS 9915	Dimension 900x900x1.5 mm	On Request
GRPS 9930	Dimension 900x900x3 mm	On Request

Ground Plate Copper - Bonded

GRPC 6615	Dimension 600x600x1.5 mm Copper thickness 254 micron	On Request
GRPC 6630	Dimension 600x600x3 mm Copper thickness 254 micron	On Request

Signal Reference Ground Grid (SRG)

GRSRG 240240	L = 2400 mm, W = 2400 mm, Spacing = 600 mm	On Request
GRSRG 240480	L = 2400 mm, W = 4800 mm, Spacing = 600 mm	On Request
